

ClearCollateral[®] Platform

Valuation Order Management & Review

Clear Capital understands the benefit of getting work done as much as you do. We've taken our industry leading experience and built the first valuation workflow platform to serve who matters most, you and your customers.

- Instantly rebalance your provider order allocations whenever you need
- Quickly isolate orders that need your attention for faster resolution and closing
- Tailor your quality control checks to conform to any investor's collateral guidelines
- Build review processes fully informed by Freddie Mac and Fannie Mae risk scores
- Instantly share valuations with all your partners and get rid of emails and spreadsheets
